RX.PA.033.MPC Specialty Drug Management

PURPOSE

The purpose of this policy is to define the prior authorization process for specialty drugs processed under the medical benefit that do not have an existing drug specific policy.

A specialty drug is any high cost drug (e.g., higher than \$830/month per Medicare Part D) including injectables, infused products, oral agents, or inhaled medications, which require unique storage/ shipment and additional education and support from a health care professional. Specialty drugs offer treatment for serious, chronic, life threatening diseases and is covered under pharmacy or medical benefits.

The specialty drugs listed in this policy are subject to the prior authorization process.

PROCEDURE

A. Initial Authorization Criteria:

Must meet all of the criteria listed below:

- Must be prescribed for an FDA approved or compendia supported indication
- Must be used consistently with manufacturer's prescribing information (i.e. contraindications, limitations, etc)
- Must be prescribed at a dose within the manufacturer's dosing guidelines (based on diagnosis, weight, etc) listed in the FDA approved labeling
- Member must meet one of the following:
 - Be included within the patient population identified in the indication OR Meet the eligibility criteria for the clinical stud(ies)
- B. Specialty drugs will be considered investigational or experimental for any other use and coverage may be provided if it is determined that the use is a medically accepted indication supported by nationally recognized pharmacy compendia (AHFS-DI, DrugDex, Lexi-Drug, etc...) or at least two published peer-reviewed randomized controlled trials for the treatment of the diagnosis(es) for which it is prescribed. Abstracts (including meeting abstracts) are excluded from review consideration. These requests will be

reviewed on a case by case basis to determine medical necessity.

C. Reauthorization Criteria:

All prior authorization renewals are reviewed on an annual basis to determine the Medical Necessity for continuation of therapy. Authorization may be extended at 1-year intervals based upon:

MPC Renewal:

• Chart documentation from the prescriber that the member's condition has improved based upon the prescriber's assessment while on therapy.

Non-MPC Renewal:

- Members who have previously been taking the prescribed specialty drug and are requesting a non-MPC renewal should be considered under criterion A (Initial Authorization Criteria)
- Member has not been receiving samples of the prescribed specialty drug; AND
- Provider has a documented clinical response of the member's condition which has stabilized or improved based upon the prescriber's assessment
