Rx Strength	
Rx Quantity:	
Rx Frequency:	
Rx Route of Administration:	
Diagnosis and ICD Code:	

Your patient's prescription benefit requires that we review certain requests for coverage with the prescriber. You have prescribed a medication for your patient that requires Prior Authorization before benefit coverage or coverage of additional quantities can be provided. Please complete the following questions then fax this form to the toll-free number listed below. Upon receipt of the completed form, prescription benefit coverage will be determined based on the plan's rules.

SECTION A: Please note that supporting clinical documentation is required for **ALL** PA requests.

1	Is the patient 18 years of age or older? [If no, no further questions.]	Yes	No
2	Is this medication being prescribed by, or in consultation with, a cardiologist? [If no, no further questions.]	Yes	No
3	Does the patient have a contraindication to the requested medication? [If yes, no further questions.]	Yes	No
4	What is the diagnosis or indication? [] Paroxysmal or persistent atrial fibrillation with intent of cardioversion to normal sinus rhythm (If checked, go to 5)		

If you have any questions, call:
