

Non-Emergent Musculoskeletal Surgeries Managed by Evolent:

Hip

- Total Hip Arthroplasty/Resurfacing
- Revision/Conversion Hip Arthroplasty
- Femoroacetabular Impingement (FAI) Hip Surgery (includes CAM/pincer & labral repair)
- Hip Surgery – Other (includes synovectomy, chondroplasty, loose body removal, debridement)

Knee

- Total Knee Arthroplasty (TKA)
- Revision Knee Arthroplasty
- Partial-Unicompartmental Knee Arthroplasty (UKA)
- Knee Manipulation under Anesthesia (MUA)
- Knee Ligament Reconstruction/Repair
- Knee Meniscectomy/Meniscal Repair/Meniscal Transplant
- Knee Surgery – Other (includes synovectomy, loose body removal, debridement, chondroplasty, lateral release/patellar realignment, articular cartilage restoration)

Shoulder

- Total/Reverse Shoulder Arthroplasty or Resurfacing
- Revision Shoulder Arthroplasty
- Partial Shoulder Arthroplasty/Hemiarthroplasty
- Shoulder Rotator Cuff Repair
- Shoulder Labral Repair
- Frozen Shoulder Repair/Adhesive Capsulitis
- Shoulder Surgery – Other (includes debridement, manipulation, subacromial decompression, biceps tenotomy/tenodesis, synovectomy, claviclectomy, distal clavicle excision, acromioplasty)

Lumbar

- Lumbar Microdiscectomy
- Lumbar Decompression (includes laminotomy, laminectomy, facetectomy, foraminotomy)
- Lumbar Spine Fusion
- Lumbar Artificial Disc Replacement
- Sacroiliac Joint Fusion

Cervical

- Cervical Anterior Decompression with Fusion (ACDF)
- Cervical Posterior Decompression with Fusion
- Cervical Anterior Decompression (without fusion)
- Cervical Posterior Decompression (without fusion)
- Cervical Artificial Disc Replacement
