Your patient's prescription benefit requires that we review certain requests for coverage with the prescriber. You have prescribed a medication for your patient that requires Prior Authorization before benefit coverage or coverage of additional quantities can be provided. Please complete the following questions then fax this form to the toll-free number listed below. Upon receipt of the completed form, prescription benefit coverage will be determined based on the plan's rules.

SECTION A: Please note that supporting clinical documentation is required for ALL PA requests. Pharmacy prior authorization reviews can be subject to trial with additional medications that are not listed within the criteria. The policies are subject to change based on COMAR requirements, MDH transmittals and updates to treatment guidelines.

1	Is the request an INITIAL or CONTINUATION of therapy?		
	<input type="checkbox"/> Initial (If checked, go to 7)		
	<input type="checkbox"/> Continuation (If checked, go to 2)		
2	Is the patient currently receiving Eliquis? [If no, skip to question 7.]	Yes	No
