A Message from Our CEO

Jason Rottman

CEO, Maryland Physicians Care

Jason Rottman

Reflecting on the first half of 2026, I am humbled by what Maryland Physicians Care staff has achieved, and excited about the momentum built to continue to serve Marylanders. We've continued to show up for the communities we serve by sponsoring 5K races, partnering with our owner hospitals to host baby showers, holding in person and virtual fitness classes, supporting major community events like AFRAM and World Cup Watch events, and so much more.

These events allow us to meet people where they are and connect them to care. Every conversation reminds us why we do what we do. The people we serve are what drive our work every day.

About Maryland Physicians Care

Maryland Physicians Care (MPC) is a statewide Medicaid Managed Care Organization (MCO) serving more than 205,000 members. Owned by four nonprofit health systems, MPC is committed to improving health and well-being through coordinated care, strong physician and healthcare worker partnerships, and personalized support. Beyond clinical services, we address social factors like food, housing, transportation, and mental health, advancing health equity and helping members achieve better health and stability.
