30 YEARS

Strategic investments focused on social determinants of health to support stronger, healthier communities.

‘26 Q3

A Message from Our CEO

Jason Rottman
CEO, Maryland Physicians Care

Reflecting on the third quarter of 2026, I am proud of the Maryland Physicians Care team and our continued commitment to the communities we serve.

Summer brings different health challenges. When school is out, families may have less access to school meals and other support. That makes our presence in the community especially important. Through local events and partnerships, we connect with families, share helpful resources, and help people get the care and support they need.

Every conversation helps us better understand our communities. The people we serve continue to drive our work every day.

About Maryland Physicians Care

Maryland Physicians Care (MPC) is a statewide Medicaid Managed Care Organization (MCO) serving more than 205,000 members. Owned by four nonprofit health systems, MPC is committed to improving health and well-being through coordinated care, strong physician and healthcare worker partnerships, and personalized support. Beyond clinical services, we address social factors like food, housing, transportation, and mental health, advancing health equity and helping members achieve better health and stability.

- Washington: **19**

Community Events and Sponsorships

Q3 2026 Sponsorships and Investments in Community Events

MPC supports strategic sponsorships and community partnerships that strengthen local organizations and expand opportunities for healthier communities across Maryland.

AMERICAN DIVERSITY GROUP

In the third quarter of 2026, MPC contributed $5,000 to the American Diversity Group (ADG).

About the American Diversity Group

ADG is a nonprofit based in Montgomery County, Maryland, that supports underserved and culturally diverse communities. Through free weekend clinics, wellness programs, digital and financial literacy workshops, and educational drives, ADG helps people of all ages access care, build skills, and improve their quality of life.
